

# PROCESS

01

## CONSULTATION

Fill out our mini consultation form and we will send you a quote by email.

02

## WE SEND YOU A QUOTE

We will email you with a Statement of Work for you to approve, which will include your price quote and project details to begin your website and/or social media setup.

03

## SEND US YOUR CONTENT

We will request further details to create a website draft, which will cover the design and layout of your website. You can request for a maximum of one revision before payment will be requested to continue the build.

04

## APPROVAL & PAYMENT

Once you are ready to proceed with your website draft, we will send you an invoice for payment to be made at this stage if you wish to continue with the full website build.

05

## BUILD STAGE & SET LIVE

We will continue the full build of your website, social media consultation and set up. This includes helping you to set up your domain, website hosting and email if needed. We will set your website live once you have given approval! For any website changes 30 days after your website goes live, we charge an hourly rate.
